When HLM is looking for contractors or suppliers, we like to do business with those that do business with us. Please provide us your information:

Occupation _____ Company Web Address www. _____

HHM is actively participating as an environmentally conscious marina and is recognized as an Ohio Clean Marina

We recommend that you use environmentally safe products when preparing and cleaning your vessel. When not using a dustless sander use a piece of plastic (perhaps your old shrink wrap) under your boat when sanding the boat bottom to collect the dust and chips and leave rolled up under front of boat for HHM to recycle. A dustless sander is available to rent. All waste oils & batteries to be disposed of in our onsite containers located at the boat lift building. Do not discharge treated or untreated sewage from heads or holding tanks into the marina water. Violators will be subject to state and federal laws and penalties. Please use the pump out station provided at fuel dock.

Outside Contractor

HHM customers are permitted to work on their own boats. However any outside contractor, with your prior notification to HHM, must check in at the office before performing any work and provide to HHM the necessary documentation for insurance coverage and state and federal permits.

Note: Outside Contractors Fee will be charged \$25.00 per day, per boat for working on HHM premises. Boat owner will be responsible for charge if Outside Contractor does not pay.

To avoid any delay in work by an outside contractor go to the link provided

<http://www.huronlagoons.com/holiday-harbor-home/forms/>

to get the necessary documentation that must be returned to HHM before any work can be performed

Unauthorized personnel will be asked to leave the premises immediately.

You are responsible for cleaning up your winter storage area. If this work has to be done by HHM you will be charged time and material. (A \$10.00 Minimum) All fines levied to HHM by EPA, Coast Guard and other governmental bodies as a result of a defective boat condition or owner's negligence will be assessed to the boat's owner.

Please keep in mind that last minute work requests and weather may affect your scheduled launch date. To assure that your scheduled launch date coincides with our work schedule we ask that you fill out the spring work order and return as soon as possible.

Launch dates are scheduled on a first come basis and there are no Sunday launches. You do not need to be present at time of launch. If you do not dock at HHM your boat will be placed in a guest dock until all service work is complete and boat is ready for pick up. All work requests may not necessarily be performed at the same time. Example: Bottom painting will be done before launching and tune-ups will be done after launching and not necessarily on the same day. Therefore you might receive separate billing as the work requests are completed.

Please Note:

NO BOAT WILL BE LAUNCHED IF ACCOUNT CARRIES AN OUTSTANDING BALANCE, WITHOUT PRIOR APPROVAL. THERE SHALL BE AN ADDITIONAL BILLING OF 2% PER MONTH ON THE UNPAID BALANCE. IN ADDITION, OWNER AGREES TO REIMBURSE THE MARINA FOR ANY EXPENSES OF ANY NATURE WHATSOEVER, INCLUDING WITHOUT LIMITATION, REASONABLE ATTORNEY'S FEES INCURRED IN THE COLLECTION OF ANY UNPAID BALANCE. THE UNPAID BALANCE SHALL CONSTITUTE A LIEN ON THE WATERCRAFT PURSUANT TO SECTION 4585.01 OF THE OHIO REVISED CODE.

Any necessary towing of boats to dock space will be charged time and material.

Wood boats required to soak overnight in the lift area will be charged \$50.00 per day after first day.

Boats requiring the use of an HHM bilge pump will be charged \$15.00 per day.

HHM does not allow outside trailer storage in dock area.

Do not leave trailer abandoned. Any trailer left on premise without permission will be impounded at owner's expense.

HHM does offer outside trailer storage from spring to fall and inside trailer storage from June 1st to Sept. 1st.

No open flames are permitted anywhere in the marina other than cooking grills and designated fire ring.

This would include torches, flame heat guns and the like.

HHM does offer some equipment & tool rental.

Carpet Cleaner-Dustless Sander (required when sanding in storage buildings)-Buffer-Drill-Prop Puller-Etc. Check in office

NOTICE

HHM Labor Rates billed at ¼ hour, ½ hour minimum with payment due upon completion of work.

Technical & Shop Service Rate: \$99.00 to \$119.00 per hour

Yard Labor Rate: \$59.00 per hour

NSF Charge for returned checks \$35.00

Our goal is to enhance your boating experience by providing trained, friendly employees, quality products and reliable service.

You have the right to:

The explanation of maintenance/repair including estimated repair time and costs.

An itemized list of all charges.

Prior approval of changes in repair costs or additional charges should they occur.

Maintenance/repair work done right the first time by knowledgeable trained technicians.

Maintenance/repair work completed when promised.

Timely notice of changes in services delivery time if delays are experienced in repair completion.

Inspect any replaced/damaged components upon presentation of invoice/work order.

Should we fail to live up to any of these commitments, please let us know so that we can address the matter immediately.
