

## HURON LAGOONS MARINA, INC. OUTSIDE CONTRACTOR SAFETY & ENVIRONMENTAL PROTECTION AGREEMENT

This Agreement must be signed before any non-Marina person can provide any professional services to a Customers Boat while located in HURON LAGOONS MARINA, INC.

Work must be done in a safe manner, in compliance with all applicable laws and regulations, to provide for the safety of property and the safety of contractor personnel, Marina personnel, and the general public. Work sites must be kept clean and orderly. Work, which could create a hazard to people or property, must be appropriately delineated to prevent injury or property damage. Use of any unsafe equipment is against Marina policy. All accidents must be reported to the Marina management.

Work must be done in an environmentally safe and clean manner, including:

1. In compliance with all applicable laws and regulations, to provide for the protection of the environment from damage or pollution caused by any work done while on Marina property.
2. No wastes shall be disposed of in or on Marina property (including dumpsters) without specific permission of management.
3. All chemical wastes must be removed from Marina property.
4. No waste shall be disposed of on any land or wetlands or waters, on, or adjoining, Marina property.
5. Spills of any of the environment, or on any Marina property, of any type must be reported to Marina management immediately.
6. Full cost of clean up, removal and/or environmental damage for work done in this Marina is responsibility of the outside contractor.
7. All chemicals brought on Marina property must be removed at the conclusion of the job.
8. All hazardous chemicals used on Marina property must be approved by Marina management prior to being brought on site. This approval process requires that a copy of the Material Safety Data Sheet for each chemical used in the course of providing our services will be supplied to this Marina, of all chemicals which might provide a hazard to Marina personnel, the general public, or the environment, through use, spillage, or improper disposal. Provisions of the Hazard Communication Standard must be followed. Material Safety Data Sheets provided by the Outside Contractor will then be available in this Marina for any hazardous chemicals to which contractor personnel might be using.
