**Viking's Den**

Dear Captain,

There is still ice in the slips yet we feel like summer is already here from all the planning we have been doing for the coming season! New rendezvous scheduled, some new activities, some minor improvements, just to mention a few. First if haven't joined yet, become a member of LYC. LYC is an I-LYA & YCA member, which entitles members to visit other clubs. LYC has a summer filled with events (see Feb/March newsletter) 2010 Rendezvous, June 26 & 27 St. Hazards on Middle Bass Island, July 16-18 Ford Yacht Club at the mouth of the Detroit River July 30-31 Miller Marine on PNB and if that is not enough, LYC members will get 5 cents per gallon off the pump price for fuel at HLM **when paid for at time of purchase**. For more information <http://www.huronlagoons.com/lyc.htm>

There will be several educational seminars held at the marina this year. Navigation by Computer & Radar will be taught by Berea Power Squadron member Sam Insalaco. For more information contact Sam at 216-272-396 or email greatlaker1@gmail.com. Mandatory Boater Education is required for any person born on or after 1/1/82 who will operate a powerboat more than 10 hp. ODNR will be conducting a Safe Boating Course in May, there is a sign up sheet on back of page. Also, United States Power Squadron will be conducting a courtesy boat inspection on May 22. Sign up sheet will be posted in the hallway.

The 2010 spring work order is also enclosed, fill out and return ASAP to ensure enough time for us to complete your maintenance requests prior to launch. If your boat is stored at HLM and you have no need for services, still read through, fill out personal and boat information, requested launch date, sign and send back. Be sure to add your email address to keep up with the latest information. If you did not receive notification of the Feb/March newsletter by email then we do not have your current Email address. To update us with new information, send an email to sales@huronlagoons.com.

The new law passed by dept. of health regarding backflow valves was explained in the Feb/March newsletter. Garden hoses **may not** be left connected to the spigot with the 1011 valve which is provided at every dock, unless they are actively in use. All 40' slips will have the new 1052 backflow valve installed automatically at no charge. E-slip will each have there on individual spigot installed this spring with the 1011 valve. Any slip holder other than 40' slips who intend to have there hose hooked to the spigot for **city water pressure direct connected to the boat**, will be required to have HLM install a new spigot & 1052 backflow valve. Sign up for the 1052 valve is on the back. We could face a possible fine, so we are being proactive about this issue. Violators will automatically be charged for the install.

The new key cards will be available for pick up at the store starting in April. Each card will require a \$20.00 deposit. If you still have a "white front/gray back" pool key card you can return it for a \$30.00 credit.

Our Spring Open House will be April 10 & 11. For you early birds who want to get started on purchasing boat supplies and accessories now, the HLM Open House specials & discounts will be available now until April 11, 2010. We are very competitive with all the major discount warehouses. Give us a chance to quote any of your boating needs. Contact Matt at the store or email store@huronlagoons.com United States Custom & Boarder Patrol will be here on 4/10 @ 1PM to fill out I-68's for who ever needs them. Bring your passport and HLM will take your photo for the I-68.

Last but not least the Spring Ice-Breaker party will be at the Riverview Lanes 125 Main St. Huron. (419-433-4258) Be sure to fill out the form on the back. To reserve a room at the Comfort Inn call 419-433-5359 ask for Angie. Best Bet Taxi service will be available @\$3.00 per person. 419-656-3647.

Return the spring work order along with information on the back as soon as possible. We look forward to a GREAT SEASON!

Sincerely,  
 The HLM Crew

P.S. copy of letter & forms can be found on HLM website  
<http://www.huronlagoons.com/Spring%20Line.htm>

Install the new 1052 backflow valve & spigot at my dock so that I may directly hook up city water to my boat so that I will not be in violation of Ohio Administrative Code 3701-35-04 (B)(4)©(5). I understand that there is a \$50.00 one time fee to help offset the cost of material & labor.
